

Immunization Record

Little Miracles®

Maternity Program at Mount Carmel

MOUNT CARMEL

Immunization Record for

name of child

*Keep this booklet in a safe place.
You will need this for doctor
visits and school records.*

Immunizations are an important part of keeping your baby in good health. They protect your baby from diseases such as measles, whooping cough, hepatitis, and meningitis.

Keeping your regular visits with your baby's doctor is the best way to make sure your baby receives immunizations and is protected from diseases. If you get behind on your baby's shots, it is never too late to catch up.

For information on immunizations, contact:

Franklin County Public Health Immunizations
